

VOL. II. NO. 61

GREENSBORO, N. C., FRIDAY, APRIL 8, 1898.

Price Two Cents

## Until Further Notice

We will give a discount of 8 per cent. on all cash sales except brown and bleached domestics, which will be sold for 5 per cent. discount, job lots and special sales at prices named and no discount.

## For Example:

Any one selling goods on credit is sure to lose at least 5 per cent. and it will cost at least 3 per cent. to keep books and collect accounts. This 8 per cent. the customer saves by paying cash, and we make 5 per cent. by having the ready cash to discount our bills. So you see the customer paying cash gets goods 8 per cent. cheaper than the one who buys on credit. Does this not seem reasonable? Think the matter over and give us your cash trade and save that 8 per cent., which is good interest on your money.

Yours truly,

J M Hendr x & Co.

## THE RECEPTION LAST NIGHT.

By the Sans Souci Club at Dr. and Mrs. J. H. Weaver's.

The talk of war is not yet over, neither is the talk of the Easter reception of the Sans Souci club which took place last evening at the hospitable home of Dr. and Mrs. Weaver on West Market street.

This was pronounced the most enjoyable social function of the season. Everybody felt free and easy, and had a general good time and if there were any present who did not feel proud of the club they covered their feelings with smiles and pleasant looks because we have never looked upon an assembly of young people whose countenance betokened more of pleasure than this one.

Everything was propitious for the occasion. The night was beautiful, clear and cold, and there was not a jar to mar the pleasure of any one, while there was much to add to the happy and good feelings of all present.

Everything and everybody looked and seemed more inviting, more attractive and more comfortable than ever before. The universal verdict was a general good time.

The program, which was an informal one, was entered into the spirit of the occasion:

Misses Lola Reid and Minnie Gorrell each favored the club with beautiful vocal solos.

Miss Mary Weaver was then called upon and responded with an instrumental solo.

Miss Nannie Weaver was then called who responded in her characteristic way with one of her beautiful recitations. Others gave a few extemporaneous remarks.

Later on Miss Mary Goolsby played a march—not a wedding march or a march to Cuba—but a march to the dining room where a sumptuous repast was spread, and all ate to their hearts content.

At a late hour all departed for their different homes with their hearts full of gratitude and praises on their lips of the time, place and occasion of the Easter reception of the Sans Souci club. Those present were:

Messrs. Jim Mann, Fuller Reid, Allen Lee, Patterson, F. Eldridge, Hermon Wilson, Reeves, Geo. Brooks, Julie Reitzell, Arthur Rankin, Chas. Andrews, Frank Boyles, Henry Boyles, James Rankin, Richard Crawford, Warren Mitchell, Hammer, Alice Alfred, Charles Murray, Lee Wharton, W. P. Ragan.

Misses Nan Weaver, Mary Goolsby, Helen Wheeler, Lola Reid, Minnie Reid, Daisy Carraway, Nettie Murray, Mary Lindsay, Ruby Eldridge, Ruth York, Minnie Gorrell, Mamie Roberts, Sallie Graves, Janie Ganey, May Harrison.

## OVER A HUNDRED YEARS OLD.

John B. Dungee, a Full Blooded Indian—Lives at Battle Ground.

Comparatively few people are aware, probably, that we have a centenarian living in our midst. John B. Dungee is a full blooded Indian, over 100 years old and resides in the vicinity of Guilford Battle Ground, a few miles west of the city. He was in Greensboro today and stated to a Telegram representative that his parents were thoroughbred Indians. His father and grandfather came to Guilford from Prince Edward county, Virginia, with Greene's army and were engaged in the hostilities at Guilford Battle Ground and later returned to Virginia.

Mr. Dungee says he fought in the "Norfolk" war, or the war of 1812 and also the last war and was never wounded.

He married an octoroon and has but one living child—a son about 20 years of age. Mr. Dungee is very lively for one of his years, talks plainly and says although he has seen three generations pass away he can shoulder a bushel of corn and carry it to mill with all ease.

His eyesight is remarkably good, as he does not have to use spectacles. He is about 5 feet 10 inches tall, has a pleasant address and wears long hair. He does not resemble an Indian at all and would easily pass for native born American.

## Miss Lottie Wilkins.

The Telegram man did not hear the benefit performance night before last, but we hear so many words of praise for Miss Lottie Wilkins, we are constrained, even at this late day, to mention the fact. Her recitation, "Absolution," was said to be very fine, while her recitations in dialect impersonating the darkey receive on all sides the highest encomiums.

## WILL NOT GO IN MONDAY.

War Message May Be Substituted By a Peaceful One.

## LEE SUMMONED TO WASHINGTON

The President Sleeps and Eats Well—Preparing For Easter Egg Rolling On The Lawn.

By Wire to THE TELEGRAM

Washington, Apr. 8—Consul-General Lee has been summoned to Washington and is expected to appear before the committee on foreign relations when that committee has the president's message and the Foraker resolution before it.

## THE SITUATION TODAY.

Washington, April 8—Pending the culmination of diplomatic developments which are now approaching a head the administration is carefully avoiding all outward evidence of a crisis. The Cuban message will be placed before congress on Monday unless some radical and unexpected event occurs to change the plans of the president.

In the meanwhile the departure of American citizens from Cuba continues and Minister Woodford is arranging affairs at Madrid in order to be able to leave at a moment's notice.

The frequent conferences at the White House are the only signs of the pending crisis.

Arrangements are going on for an Easter egg rolling on the lawn.

The president stands the strain wonderfully well. He retired last night at 11 o'clock, arose early this morning and ate a hearty breakfast. There were no important callers at the White House early this morning.

## "SEMI-OFFICIAL" STATEMENT.

Washington, April 8—In official circles the opinion is freely expressed that the message will not go to congress next Monday. It is given out semi-officially that the president hopes to be able to destroy the war message and substitute a peaceful communication to submit to congress in its stead.

## THIRD REGIMENT RECEIVES ORDERS.

St. Paul, April 8—The third regiment of the United States regulars at Fort Snelling have been ordered to hold itself ready to start at a moment's notice.

## HUNDRED COLONELS VOLUNTEER.

Louisville, April 8—One hundred Kentucky colonels volunteered their services to the governor in event of war.

## SERVICE TO HAVANA STOPPED.

New Orleans, April 8—The Southern Pacific railroad company has discontinued its service to Havana for the present. The Algers, scheduled to leave yesterday, was held back.

## POWERS MAY SOLVE IT.

Washington, April 8—All the talk today is over the effect of the joint note from the powers. It is believed that it forms the solution of the imbroglio.

## INSIST ON HAVING MESSAGE.

Washington, April 8—One hundred republicans are said to be pledged to insist on the president's message being sent to congress Monday.

## A FLOTILLA SAILS.

Washington, April 8—The Spanish minister was advised today that a flotilla has sailed from Cadiz for the Canaries, composed of three battleships and twelve cruisers.

## Impersonations and Imitations.

The impersonations of children and the bird imitations will well repay those who attend the entertainment to be given by Miss Goodhue, under the auspices of the Ladies' Aid Society of the First Presbyterian church on April 15th.

Press notices from such papers as the New York Tribune, the Buffalo Courier, Waterbury American, Asheville Citizen, Asheville Gazette, etc., attest the enthusiasm with which she is received. Further notices of this entertainment will appear later.

## A Bright Suggestion.

Do not wait until five minutes to twelve Saturday night to prepare for Easter Sunday, but attend to your wants earlier. The Fishplate-Katz-Rankin company have rushed all their spring goods in so your wants can be filled. They have a superb line of nobby fancy suits and the black line of suits are unequalled. The furnishing line is replete with new things and the obliging force will be glad to show you the new articles.

## GOOD GAME TOMORROW.

Names and Positions of Hopkins Team All Good Players.

The Johns Hopkins baseball team will come in tomorrow morning from Lynchburg and will play a game in the afternoon at the ball grounds with Oak Ridge. The team will play as follows: Haulenbeck and Lampson, pitchers; Wight and Warren catchers; Joyner, 1st base; Clark, captain, 2nd base; Wirt, short stop; Hitzrot, 3rd base; Talty left field. Fletcher, center field; Swain, right field.

A glance into the baseball career of some of these players shows that the team is composed of some exceedingly good players. Wight, one of the catchers, played on the Crescent Athletic team last year and caught Carter, the best pitcher Yale ever had. Lampson is an old Yale player and was a pitcher on the class team of '97. Hitzrot comes from Princeton where he played third base for two years. Fletcher was a member of Randolph-Macon's team last year. Joyner and Capt. Clark are the best hitters.

In the game with the Norfolk professional team these two players made seven hits off Pfannmiller, Norfolk's crack pitcher. Baltimore, a few days before was only able to get five hits.

Oak Ridge will play as follows: Barker and Malone, pitchers; Brake, catcher; Benbow, 1st base; Bennett, short stop; Smith, captain, left field; Whitley, center field; Carter, right field.

Barker and Brake the crack battery in Eastern Carolina last season; Carter played with Washington during vacation; Lambeth with Tarboro, and Bennett has played with some of the leading Northwestern Colleges, and with Norfolk, Va.

The Hopkins team plays the University at Winston on Monday. Tuesday they will be entertained at Durham by the Trinity team.

The game tomorrow will be a fine exhibition of scientific ball playing and every one who goes will see a good game. Game called at 3 o'clock. Admission 25 cents; ladies free. Taylor or Devin will umpire the game.

## THE MERRY MAKERS.

Presented "The Heart of Cuba" at the Academy Last Night.

A very select and enthusiastic audience greeted the Merry Makers on their return engagement.

The war drama, "The Heart of Cuba," was presented in a most satisfactory manner. Harold Holmes, as the Insurgent Leader, repeated the many successes he has had in the past. J. C. Robisch, as Pat McCue, the Irish overseer, was repeatedly encored. Ted Byers, in the role of Captain Lassardo the villain, and Al. Berger, the Hunchback, though playing unsympathetic parts, stood out in bold relief and helped to give a well rounded performance.

The specialties were good and the transformation scene in the last act was decidedly pretty. Tonight the new Alaska-Klondyke-Comedy-Drama "The Land of Gold," will be presented. It is full of dramatic scenes and thrilling climaxes; breezy comedy and pleasing specialties. Saturday matinee at 3 o'clock for ladies and children. Prices for the matinee will be 10 cents to all parts of the house; at night prices will be 10, 20 and 30 cts.

## First Church Announcement.

## THE YELLOW OR THE TORY?

The Washington correspondent of the Providence Journal sends the following to his paper:

The speeches of Gallinger and Thurston were made in discharge of a compact whereby they had agreed to become hucksters on the floor of the senate for a sensational newspaper. A distressing event, indeed, of the week has been the reappearance in the senate of the three men who recently made the trip to Cuba in the pay of that sheet. They were hired for advertising purposes. They and their own associates of the house were the only five men in the whole 446 in congress of whom the proprietor of that paper could make such ready tools. It is said that they signed a contract in which the whole discreditable purpose of the expedition was written down in black and white; and, further, that its terms were peremptorily called to the attention of Senator Gallinger when, terrorized by the experiences of a stormy voyage from the Virginia capes to Hatteras, he was set ashore at his own urgent pleading and incontinently hastened back toward Washington, to be halted at Richmond by the command from his employer. There is nothing in the character of these men to make any of these current stories even improbable. They duly discharged their debt. Questionable things have been done before on the floor of the senate; but it remained for Gallinger and Thurston to abuse their privileges as senators to spread upon the pages of the Congressional Record a paid advertisement of a paper which represents all that is most vicious in modern journalism.

As regards the alleged compact between the senators and the New York Journal we are frank to say we do not believe it. It does not carry the earmarks of truth. The statement has all the evidences of being quite as yellow as anything that has appeared in the columns of the Journal. It is, however, with the assertion of the writer that the Journal is a "paper which represents all that is most vicious in modern journalism" that we wish to deal. The Journal does not represent all that is most vicious. It represents much that is vicious and certainly we have no desire or intention to defend it. There is another class of journalism that is both in intent and content more vicious than that of the Journal. The Journal is sensational and in a large degree unreliable, but it is still American. It appeals to Americanism although it may be Americanism of a rather raw sort. Nobody denies that it advertises itself, but it also cannot be denied that such advertisement has come largely through good works, through efforts which were in the highest degree humane. The other type of journalism is more vicious because from its point of view Americanism is a badge of shame and a cause for apology, when not a matter of utter indifference. It is the tory journalism that voices the sentiment of the peace at any price crowd who have been bringing the tremendous pressure, of which we hear so much, to bear upon the president. It is a journalism representing domestic aliens, unrighteous seekers after the dollar only, men whose ideas never go beyond stocks and bonds, salt pork and beef extracts. This journalism and its clientele would swallow the Maine outrage and

look on calmly while the last reconcentrado starved rather than run the risk of a decline of a single point in the market. This is the journalism that is most vicious, because it strikes at the very foundations upon which our government rests and tends to make, instead of citizens, heartless and vulgar bargainers and sellers, fathers of intellectual pimps and moral eunuchs.

## Tarheel Truckers Suffer.

Wilmington, April 7—Truckers in this vicinity experienced considerable damage this morning from the frost. ## A LAWYER GETS A PRESENT.

An Italian Boy Given by His Parents to a Marion Man.

High Point, April 7—On the Southern railway train, running from Knoxville, Tenn., to Salisbury, yesterday, were quite a number of Italians, en route from some point in Mississippi to their native country. Between Asheville and Marion, a prominent lawyer of Marion became interested in an Italian boy about 11 years old, and after talking the matter over with his parents they decided to give the boy to the lawyer. The boy seemed pleased with the idea, and when the train stopped at Marion the lawyer alighted with his present and seemed more than pleased. The parents showed no grief at the parting. Before the train reached Salisbury it was discovered that the boy at Marion held the checks for the family baggage and some lively telegraphing took place. It remains to be seen whether the lawyer has a bonanza or a white elephant.

# Harris Lithia Water of South Carolina.

Contains more Lithia than any other Lithia Spring Water on the market. If the Harris Lithia Water is not superior to any other water on the market, do you think the following noted physicians would state that it is? They have no interest in Harris Lithia Water:

Mr J T Harris, Proprietor Harris Lithia Springs;

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully, GEO HOWE, M D

Mr. J. T. Harris:

Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long-continued use of the same waters at home. Other

of my patients and friends are now using the water with best results. I cordially recommend it to all suffering from similar diseases

Very respectfully yours, THOMAS S FOWELL, M D,

President Southern Medical College, Atlanta, Ga.

Asheville, N C, April 20, 1893

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Waters known to the profession. In the condition of Phosphatic Urine its action is marvelous. Its use in the rheumatic and gouty diseases affords me more comfort than either the Buffalo or Londonderry waters.

Very truly yours, JOHN HEY WILLIAMS, M D

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of affections of the

kidney and bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past several years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A N TALLEY, M D

Columbia, S C, October 8, 1892.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly on the mucous coating of the stomach and alimentary canal; they are powerfully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of the stomach and gastralgia, supplemented with a proper diet, they

are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid; all calculi of an acid character, whether literary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J Q WILBUR, M D

Walterboro, S C, April 10, 1892.

Baltimore, June 24, 1896

J T Harris, Esq. Harris Springs, S C:

Dear Sir—I have been using Harris Lithia Water for some time, and I will say to you that it is my opinion that the Harris Lithia Water is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R C HOFFMAN,

President S A L R R

Atlanta, Ga, Feb 24, 1897.

Mr J T Harris, Harris Springs, S C:

Dear Sir—I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from

kidney and bladder troubles. Therefore take pleasure in recommending it.

Respectfully, JAS F ALEXANDER,

President Board of Health

Mr J T Harris:

Dear Sir—It gives me pleasure to say that I have been using your Lithia Water for several months past, and that I believe it to be one of the best Lithia Waters that I have come in contact with. Yours truly,

EST JOHN,

Vice President

Charleston, S C, Sept 20, 1893

Mr J T Harris:

My Dear Sir—I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder

it is the remedy par excellence. I prefer it to the Buffalo Lithia Water.

Very truly yours,

A C KAUFMAN,

President Vanderbilt Benevolent Association of Charleston, S C

Chester, S C

Dear Sir—For the past six months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity of it daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative and is a sure cure for flatulent dyspepsia.

S M DAVEGA, M D

Atlanta, Ga, April 20, 1897

I have used for some time Harris Lithia Water in my family, and also with my patients, and find it the best water I ever used in catarrhal condition of the ureters and bladder. It is also a good diuretic water.

G G ROY, M D

We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute's time or money refunded, or if taken after each meal will cure the worse case of indigestion.

## DANGER IN EASTER HOLIDAYS.

**State Department Fears Violence in Madrid and Havana.**

Washington, April 8.—The state de-  
partment officials are anticipating with  
much interest and considerable apprehen-  
sion the probabilities of the com-  
ing Easter holidays in Spain and Cu-  
ba. These holidays begin tomorrow,  
which is Holy Thursday, and continue  
several days.

The people will be idle these days,  
except for their religious observances  
and the sports and pastimes in which  
they engage, including bull fights, etc.,  
on Sunday. It is feared that the large  
crowds that will gather may, in view  
of strained relations with the United  
States, lead to demonstrations against  
American citizens who may reside in  
Spain or Cuba.

## Something to Know.

It may be worth something to know  
that the very best medicine for restor-  
ing the tired out nervous system to a  
healthy vigor is Electric Bitters. This  
medicine is purely vegetable, acts by  
giving tone to the nerve centres in the  
stomach, gently stimulates the liver  
and kidneys, and aids these organs in  
throwing off impurities in the blood.  
Electric Bitters improves the appetite,  
aids digestion, and is pronounced by  
those who have tried it as the very best  
blood purifier and nerve tonic. Try  
it. Sold for 50c or \$1.00 per bottle at  
C. E. Holton's drug store.

## New Paper at Winston.

"Our Country" is the name of a new  
publication to be edited and issued  
here by J. R. Elkins. The publica-  
tion is a four-column, eight page pa-  
per to be issued semi-monthly, and  
will be devoted to stories and litera-  
ture. Mr. Elkins will announce in his  
salutatory that the policy of Our  
Country is to be non-political but he  
reserves the right to speak from an in-  
dependent standpoint on all questions.  
—Winston Journal.

## Gold in Moore County.

Bryan Tyson, of Long Leaf, has re-  
cently struck a rich deposit of gold  
near the above named place in the  
northern part of this county on which  
is known as the Blue tract of land,  
and the quantity of ore appears to be  
sufficient to indicate a valuable mine.  
Mr. Tyson has had a large experi-  
ence in the matter of saving gold, and  
claims to be able to construct works  
that will save a larger percentage of  
gold, especially if the gold is fine,  
than can be done by any other  
person in the United States for the  
same money. He took at one place in  
California from quartz tailings as  
they flowed to waste over \$50 a day  
after all possible had been taken in  
the mill above. We hope that he will  
receive a liberal showing in order  
that he may give us the benefit of his  
experience.—Carthage Blade.

## GOVERNOR NAMES PATRICK.

He Will Succeed Hancock as President  
A. & N. C.  
D. W. Patrick, of Snow Hill, Greene  
county, will be Robert Hancock's suc-  
cessor as president of the Atlantic and  
North Carolina road.  
The Governor has bestowed his Ex-  
ecutive approbation on Mr. Patrick  
and that means his election. While  
Mr. Patrick does not live on the At-  
lantic and North Carolina road, the  
Governor believes that he is the most  
desirable man of all the candidates  
for the position. He is a republican,  
and one of the largest farmers in  
Eastern Carolina.  
The directors of the road have been  
notified to meet in Newbern next Tues-  
day, when Patrick will be formally  
elected president.  
There are two vacancies on the board  
of directors of this road which Gov-  
ernor Russell has filled. The names of  
the new directors are Frank Brown, a  
Pritchard populist, from Jones county,  
and Lester Hoyt, republican, from On-  
slow. They have been selected by the  
governor and were yesterday agreed  
upon by the state board of internal  
improvements.  
Maj. Brown was a member of the  
last legislature and voted for the re-  
election of Senator Pritchard. He now  
holds a position in the internal reve-  
nue department here.—Morning Post.

## "The Honor of Spain."

From the Lowlands rising high  
As the winds go wailling by,  
Comes a clamor and a knell  
That of Alva fierce doth tell;  
Loud the peaceful burghers groan,  
Faint the Flemish maidens moan;  
Fire, and sword, and tears, and pain,  
Mark the honor of old Spain.  
From the Inquisition's rack,  
Down the biggot's bloody track,  
Countless ghosts that shriek and quake  
Tell of knife and cord and stake.  
Darkest hour that land e'er knew,  
In His name they racked and slew;  
By the blazing stake so plain  
Read the honor of old Spain.  
On the burning soil they lie,  
Gasping things that sob and die;  
Forms that scarce a shadow cast,  
Men from whom we shrink aghast,  
Mothers, babes, in living death  
Struggling for the fleeting breath,  
In starvation's awful train,  
Great the honor of old Spain.  
—Cleveland Plain Dealer.

## Notes of The Prowler

"I'm going to the woods tomorrow," said the Prowler this morning, as he called to pay his respects. "Can't stand the strain any longer. One of the morning papers say there will be war within a week, and another says it looks like war now. That settles it and I'll be off tomorrow. City air is too close for me and I'm going where the woodbine twines and the whippoorwill willeth and the whangdoodle mourneth and the turtle dove cooeth. 'Let the war clouds lower, let the message be turned loose Monday or any other day and let the grim and grinning war dogs yelp and howl, bark and bite or stick their tails between their legs and run under the house, or do anything else they please—I'm going to the woods and gather native sarsaparilla roots from the banks of Deep river to make a spring blood purifier."

The Prowler then went out to get his shoes half-soled for the journey.

### "The White Doe."

Mrs. R. R. Cotton will recite one of her poems, "The White Doe, or The Fate of Virginia Dare," this evening at the Female College at a quarter past eight o'clock. It is useless to say anything in praise of one who is so well known to Greensboro people. All who heard Mrs. Cotton deliver the Alumnae address at the college commencement last June know that a treat is in store for those who attend tonight. The poem deals with a pretty bit of history and is in itself a valuable addition to literature. We can assure all who hear Mrs. Cotton will pass a most enjoyable evening.

## The Hardware News.

PUBLISHED BY ODELL HARDWARE CO.

### EDITORIAL.

This is a period of great uncertainty. Take the matter of war with Spain, concerning which there is so much talk.

In the first place, it is uncertain as to whether we shall have war.

And if we do it is uncertain how long it will last, or how much damage will be done—or anything—

Except—no one seems to think it uncertain that we shall finally lick 'em.

That's all.

Then take the weather.

No one knows what will be needed three days hence—coal vases or refrigerators.

It will not be long before it will be certain that you need refrigerators, ice cream freezers, lawn mowers, garden tools—yes, and hose and lawn sprinklers.

Are you thinking of buying a new wheel this season? If so, you will not make a mistake if you select a Crawford or a Tribune.

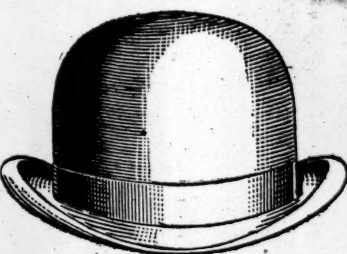

### ADVERTISEMENTS.

Wheels in your head could not be expected to contribute to your pleasure, but a wheel in the right place, if of the right kind, will afford more pleasure than any other article of similar cost. Be sure that you get the right kind of a wheel. The Crawford is the right kind.

Have you seen the Tribune?  
A strictly high grade wheel. If you buy it you won't be sorry.

An economical housekeeper should always buy the best refrigerator that is made, for it will save enough in food in a season to pay for itself. Our National refrigerator is economical in consuming ice, and neither fresh, fish, fowl, or anything in the way of eatables will spoil in it if you keep a fair amount of ice in it.
